INTRODUCTION

The benefits of sliding door wardrobe over hinged wardrobes are well known and have worldwide for many years. Their space saving characteristics, the ease of access they afford, and their sleek contemporary styling makes them a highly practical solution for the homes of today. The Moduro sliding door system follows these principles, helping to solve your storage needs.

With contemporary styling, a wide choice of panel options, and the flexibility of a made to measure service, Moduro system offers a smooth opening and closing action and comes with the added option of built-in soft closing for that extra touch of sophistication.

The following pages features a selection of inspirational designs to provide you with an idea of just what can be achieved with the Moduro sliding door system. The possibilities are endless, with 6 standard pannel configurations allowing you to create your ideal configuration. There are over 100 stunning panel finish options to choose from and 2 stylish frame finishes - Champaign and Bronze. We hope you are inspired to be creative.

We recognise the importance of quality and endurance when it comes to the furniture your choose for your home. That is why all Moduro sliding sliding doors are checked and passed through a stringent quality process, ensuring you don't need to compro- mise t achieve the look you want
